Vantage® Pavers, REFLECTION
Elements™ Paving Stones, 8x8, VISION

GRAND DISCOVER PAVERS

Grand Discover® Pavers offer a smooth, sought-after surface texture in larger paving stone sizes. Manufactured as a three-piece module, these pavers can be used alone or melded with compatible pavers to create one-of-a-kind installations.

The color photos shown in this catalog were prepared with careful attention to accuracy. However, colors shown may vary from actual hues and should only be used as a guide. Refer to actual product samples for final color selection. Because concrete units are manufactured with high quality, naturally-mined aggregates and materials, variations in color or shading should be expected in products that are manufactured at different times and in units having different shapes. This color or shading variation is acceptable in the industry.
