

Wall Systems & Pavers | Residential & Commercial

Nebraska Built

NEBCO, Inc. has been part of Nebraska and the region's history for over a century. NEBCO's operations span the state of Nebraska and supply the construction industry with materials needed to construct buildings, streets and highways.

As part of a network of block manufactures owned by NEBCO, Watkins Concrete Block Company, Reimers Kaufman Concrete Products Company, Christensen Concrete Products, and Kearney Crete & Block Company strive to produce top-quality product, offer unparalleled customer service and evolve with changing times.

Watkins, located in Omaha, NE, was incorporated in 1946 when they began manufacturing a handful of concrete block products.

Reimers Kaufman, of Lincoln, has been well known in Nebraska for production of concrete construction blocks since 1906.

Christensen Concrete Products was founded in 1947 when Grand Island was preparing to pave its city streets. In 1948 Christensen began production of concrete block.

Kearney Crete & Block began in 1946 supplying ready mixed concrete as well as manufactured concrete masonry units.

Today, all four companies manufacture over 400 items including standard concrete block, segmental retaining wall components and architectural concrete block. 98% of the aggregates used to make these products are sourced within Nebraska. Other product lines include concrete and clay pavers, clay face brick, manufactured stone veneer, natural stone, caulking, sealants and a variety of accessory products for both the residential and commercial construction and landscaping markets.

The teams at Watkins, Reimers Kaufman, Kearney Crete & Block, and Christensen Concrete take great pride in producing the highest quality products, sourced right here in our own backyard. And for these reasons, we are Nebraska Built.

Warranty Information

BELGARD HARDSCAPES LIFETIME TRANSFERABLE LIMITED WARRANTY

Oldcastle APG ("Belgard") is proud to inform you that all of our interlocking concrete paver and retaining walls ("Products") meet and/or exceed the requirements of ASTM C-936 and ASTM C-1372. Belgard guarantees its Products against these standards for the lifetime of the Product defined by ICPI. This guarantee does not apply to splitting, chipping or other breakage that could be caused by impact, abrasion or overloading. This warranty is transferable. The original proof of purchase is required.

Oldcastle APG ("Belgard") offers a 10 year Limited Warranty on its Satura™ sealants.

This warranty is only valid if the material is installed under the guidelines of the ICPI, The NCMA or the Belgard Installation Guideline Manual. Improper installation voids this warranty. This warranty is for residential applications only and does not apply to commercial applications. It is recommended that the job is installed by a Belgard Authorized Contractor who guarantees their workmanship for a minimum of 2 years from the date of install.

For paver or retaining wall warranty service, contact Belgard at 1-877-BELGARD. A service representative will investigate your claim within 10 business days. If the Belgard Product fails to meet the specifications, Belgard will replace the defective paver, retaining wall, or other hardscapes product at no charge. Color matching cannot be guaranteed. Belgard will not be responsible for any replacement labor, consequential damages or incidental damages. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE. SOME STATES DO NOT ALLOW FOR THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

ANCHOR WALL SYSTEM LIMITED WARRANTY

Wall units sold under the "Anchor Wall Systems" brand are made by independent manufacturers according to specifications set by Anchor Wall Systems, Inc. ("AWS"). This limited warranty is the only warranty from AWS or its independent manufacturers applicable to these products.

For purposes of this limited warranty, the term "AWS Wall Units" encompasses: (1) the concrete units promoted and sold under the "Anchor Wall Systems" brand for use in the construction of earth - retaining walls or structures; (2) the concrete units promoted and sold under the "Anchor Wall Systems" brand for use in the construction of free-standing walls; (3) the base units, cap units, corner units, and column units promoted and sold under the "Anchor Wall Systems" brand; (4) AWS's Landings™ step units; and (5) the concrete edger units promoted and sold under the "Anchor Wall Systems" brand.

AWS and its independent manufacturers warrant that, subject to the exceptions noted below, AWS Wall Units conform to the ASTM Standard Specification for Segmental Retaining Wall Units (ASTM C1372) at the time of their delivery to the original job (installation) site.

If AWS Wall Units do not conform to ASTM C1372 at that time, then, subject to the exceptions noted below, AWS and its independent who made the non-conforming units will supply replacement AWS Wall Units of the same style to the original installation site at no charge for the replacement AWS Wall Units or for their delivery.

Please note the following:

- Because AWS Wall Units are manufactured using mined materials, there may be color variations in these products from the same manufacturing run as well as in products from different runs. In addition, an efflorescence of whitish color may blossom from time-to-time on the surfaces of all concrete products, including AWS Wall Units, as a result of naturally occurring chemical reactions between them and their surrounding environment. Accordingly, no guarantee of color shades or freedom from efflorescence is made or implied.
- The warranty is voided if AWS Wall Units have been damaged due to handling, wall design, installation, contact with deleterious chemicals (such as deicers), earth shifts, or Acts of God.
- The only liability of AWS and its independent manufacturers for any breach of this warranty is to supply replacement AWS Wall Units to the original installation site, at no charge for the replacement units or for their delivery. Under no circumstances does AWS or its independent manufacturers have any obligation to remove nonconforming AWS Wall Units or to install the replacement units.
- If AWS and its independent manufacturers are unable or fail to supply replacement units when obligated to do so, their entire liability is limited to refunding the purchase price of the units.
- These remedies are the purchaser's exclusive remedies against AWS or its independent manufacturers for any breach of warranty concerning AWS Wall Units and these remedies will not be deemed to have failed of their essential purpose so long as AWS and its independent manufacturers are willing and able to replace any nonconforming products or to refund the purchase price.

All requests for warranty service should be directed to: Anchor Wall Systems, Inc., Attn: Warranty Service, 5909 Baker Road, Suite 550, Minneapolis, MN 55345.

FOR TRANSACTIONS IN WHICH THE PRODUCTS ARE NOT CONSUMER PRODUCTS WITHIN THE MEANING OF THE MAGNUSON-MOSS WARRANTY ACT, AWS AND ITS INDEPENDENT MANUFACTURERS DISCLAIM ANY AND ALL IMPLIED WARRANTIES, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS, TO THE FULLEST EXTENT ALLOWED BY LAW. IN ALL OTHER TRANSACTIONS, THE DURATION OF ANY LIMITED WARRANTIES IS LIMITED TO THE FULLEST EXTENT ALLOWED BY LAW.

UNDER NO CIRCUMSTANCES ARE AWS OR ITS INDEPENDENT MANUFACTURERS RESPONSIBLE FOR ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES (including, without limitation, the cost to remove nonconforming AWS Wall Units or to install replacement AWS Wall Units, loss of profits, harm to goodwill or business reputation, or delay damages) whether such claims are based in contract, warranty, negligence or strict tort. This exclusion applies even if the remedy stated above is deemed to have failed of its essential purpose.

Some states do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

Unless modified in a writing signed by an officer of AWS, the limited warranty stated above is the only express warranty (whether written or oral) from AWS or its independent manufacturers that is applicable to AWS Wall Units and no one is authorized to otherwise modify or expand this warranty. The validity and interpretation of this warranty are governed by the internal laws (and not the law of conflicts) of the State of Minnesota.

This warranty gives you specific legal rights, and you also may have other rights that vary from state to state.

COUNTY MATERIALS CUSTOMER WARRANTY

County Materials Corporation's concrete pavers meet the requirements of applicable ASTM standard(s). County Materials warrants its concrete pavers against manufacturing defects for the period of your residential home ownership. For commercial projects, County Materials warrants its concrete pavers against manufacturing defects for 5 years after substantial completion of the project. This warranty is non-transferable. This limited warranty does not apply to damage caused by improper storage, abrasion, overloading, or misuse, such as delamination, splitting, chipping, or staining. This limited warranty applies only if the products are installed as directed by the ICPI (www.icpi.org) and County Materials' applicable installation guidelines. Improper installation voids this limited warranty. The original proof of purchase is necessary. Color matching cannot be guaranteed. The foregoing limited warranty is in lieu of and excludes all other written or oral warranties, including the implied warranties of fitness for a particular purpose and merchantability. Customer's exclusive remedy for breach of the above limited warranty is limited to County Materials replacing the products at no cost to the original customer. County Materials' liability for breach of the above limited warranty shall not exceed the price of the products actually received by customer and does not include replacement labor, consequential damages, or incidental damages.
